

Organic Mushroom Extracts Lion's Mane - Reishi- Cordyceps - Antrodia

What is BeyondMushrooms®?

BeyondMushrooms® is a premium line of organic mushroom extracts featuring Lion's Mane, Reishi, Cordyceps, and Antrodia. Each variety is standardized to deliver a powerful **minimum of 70% beta 1,3; 1,6 glucans**—an industry-leading concentration unmatched by any other mushroom extract available.

With a **clinically backed daily dose of just 200 mg**, supported by double-blind, placebo-controlled studies, BeyondMushrooms® sets the standard as the leader in functional and adaptogenic mushroom extracts.

Why BeyondMushrooms®?

1 FDA Notified GRAS:

BeyondMushrooms® is the world's only **FDA-Notified GRAS** mushroom extract, making it a groundbreaking ingredient in the industry. This certification allows for its use in food and beverage products featuring a nutrition facts panel, meeting a key but often overlooked retail compliance requirement.

2 Clinically Supported Benefits:

BeyondMushrooms® is backed by extensive clinical research, demonstrating a wide range of health benefits. These organic mushroom extracts have been rigorously studied in **randomized controlled trials** on healthy human populations, supporting benefits that include cognitive function, immune health, energy levels, and overall well-being.

3 Ease of Formulation:

Thanks to a unique extraction process, BeyondMushrooms® delivers unmatched versatility. It's **freely water-soluble**, pH and heat-stable, and features low protein content—ideal for seamless incorporation into nearly any formulation.

4 Cost-Effective Dosing:

Don't be misled by cost-per-kilogram comparisons! BeyondMushrooms® offers a clinically validated **daily dose of just 200 mg**, thanks to its unparalleled beta-glucan content. One kilogram of BeyondMushrooms® yields an impressive 5,000 doses, delivering a highly **cost-effective solution** for your formulations.

Lion's Mane

Cognitive Support

3 Clinical Studies

1. "Supports Cognitive Performance"
2. "Enhances Quality of Life"
3. "Promotes Mental Clarity"

Reishi

Immune Support

7 Clinical Studies

1. "Optimizes Immune System"
